FRIDAY, APRIL 23, 1915

No Top or Bottom Rail. Won't Sag or Bag.

Costs Less.

This cut showing the "Old" and the "New" poultry fence emphasizes the beauty, simplicity and economical points in TRIMESH. Note that in the latter there are no top or base rail boards, no overhead netting and that but two posts (16 feet apart) are used.

FARMERS UNION BRANCH

- Some of the precautions we take in producing "Quality" Milk.
1. Our herd is tuberculin tested and the animals are kept in a healthy condition.
 2. We keep the hind quarters and udders of our cows clipped, thus eliminating the hair from the milk.
 3. The milker wears a clean white suit when milking and handling the milk.
 4. The cows are thoroughly brushed and the udders washed before each milking.
 5. We use the Gurler Sanitary Milking pail, thus doing away with any dirt that might "get past" our other precautions.
 6. The milk is bottled in sterilized bottles and delivered in a closed wagon.

A Bank For The Whole Family

EVERY member of your family should take advantage of our specialized service. The head of the house can concentrate all his banking here to his best interest—business account, personal checking account, loans, bonds, investments, etc. His wife can have her own individual account or help to economize by means of an account particularly for the household. Each child can have his own savings account, and receive instruction in the ways of banking. To all we extend helpful counsel and courteous service. We want you to know the benefits of family banking.

Make Our Bank Your Bank.

Mrs. Kittie Townsend of San Jose visited Mrs. E. E. Sower Tuesday.

Moreland Club will give another of its popular dances at Moreland hall, Friday evening.

Miss Frances Ingles went to Capitola Monday to spend ten days as the guest of Miss Emma Swope.

Will Speegle will leave the last of the week for Brawley, Imperial valley, to work thru the summer.

A number of local Masons went over to Los Gatos last week to attend a third degree communication.

Mr. and Mrs. H. H. Bearce and baby, Paul, of Morgan Hill were here Sunday for the day with Mr. and Mrs. Vandergon.

Miss Josephine Vandergon went to San Francisco last week to take post-graduate work in the German Hospital.

Miss Juliette Billiou went to San Francisco Monday to begin her studies at dramatic art school Tuesday where she will take a ten weeks' course.

J. F. Duncan gave an interesting resume of Gen. Bernhardt's book, "Germany and the Next War," before the Countryman's Club Tuesday evening.

Rev. Geo. E. Atkinson was in Placer county on home missionary work, speaking four times Sunday. He says that the mountain flowers are most beautiful at this time.

W. I. Morton, who is always on the lookout for better service for his lumber patrons, has just installed a 20-horse electric motor and will now be able to do machine work on a moment's notice.

Lost: Between W. T. Alexander's and Campbell Avenue, via Santa Clara-Los Gatos, a black corded silk hand bag, Saturday. Finder please leave at this office or notify Mrs. W. T. Alexander, Campbell.

Donald Fell, Clinton Crow, Loyal Lancaster and Floyd Irelan comprised a fishing party that returned from Big Basin yesterday hiking over the State Highway route thru Saratoga. They report fine luck and a great time. Beside eating all they wanted they brought home two fine strings of large trout measuring from 10 to 12 inches.

J. D. Sawyer, who has one of the best rabbitries in this vicinity, reports the wise instinctive performance of a doe. On examining her home, he found she had made two nests for her large family of thirteen. In one she placed 7 little ones and in the other 6. This division was made instinctively it is thought because she was unable to feed but eight bunnies at a time.

Dr. E. O. Hanlon and wife, who have been touring California since March 1st, stopped over at Campbell and made a short but pleasant call with their old friend Beall, the druggist. Dr. Hanlon is from Wayland, Michigan, where he has a large practice and is also president of the Wayland bank. He is so well pleased with California that he told Mr. Beall, he thought he should come back and locate somewhere in this state.

Farmers' Union Packing Company

The members of the Campbell Farmers' Union Packing Co. held their annual meeting Saturday afternoon at the office of the company on Central avenue.

The present board of directors were re-elected and other routine business executed. D. M. Utter was elected president and Geo. S. Robson, secretary. Mr. Robson was appointed manager for the coming year and his past experience in the fruit business will enable him to render the company excellent service.

The general outlook evidences a most successful season, and the members are very much pleased with last season's business.

Collector of Curios

L. M. Beall, our popular pill-producer, is quite a collector of curios. One of his prize possessions is an old timer time piece over 125 years old formerly in the family of L. D. Taylor, a relative of Zackary Taylor. This clock is made of wood and run by weights. It is wound by a string on a windlass. Altho the cogs are made of wood, they do not show much wear and the clock still keeps good time.

Another curio is a hymn book owned by Mele Cobb, grandmother of Mrs. Beall. This book was used by Miss Cobb in 1799 being published the year before.

No Place Like Home

The following lines have been received by Mrs. Geo. W. Waldorf from her sister, Mrs. J. H. Coombs, a former resident of Campbell, but now living in Honolulu. Mrs. Coombs' many friends will be pleased to know of the "charm about the old love, still."

Preference.

Opal mountains beckon,
With rainbows arching o'er;
But the brown hills of my own land,
They somehow please me more.

Scarlet branches waving,
Crowd with the palms for room,
While I'm thinking of the valley
Where prune trees are in bloom.

Hibiscus flowers flaunt gaily
Along the walls of stone;
But oh, the lupins' purple mist,
The poppies' golden tone!

Mynah birds call harshly
Through soft and languid hours,
But I would rather hear the lark
Singing 'mid April showers.

Brown face; "pidgeon" English,
Whene'er abroad I roam;
Ah! dear to me the clearer speech
And fairer skins at home.

Mangoes' spicy flavors,
Papaia's sickish sweet,
Make me long for California—
I want some fruit to EAT!

Debaters Lose

Both of Campbell's High debating teams were defeated by the San Jose High teams Saturday evening by a narrow margin in each contest.

A great deal of dissatisfaction was expressed in the result as the record of one judge at each place which was favorable to Campbell, was thrown out thereby leaving the averages to be taken from the records of the other two judges.

These judges were chosen for their impartiality and ability to serve and because two of them thought Campbell teams much stronger than their opponents, their weight in the decisions was thrown out. Why have three judges at each contest if one is to be discredited? Several in the audience who have served as judges on other occasions declared that Campbell did the better work.

Minnesotans to Picnic

The executive committee of the Santa Clara County Minnesota Association met with Miss Mary Lewis Friday evening and made preliminary arrangements for the annual Gopher picnic. The plan as suggested at the last picnic is to make this one a special attraction for the entertainment of friends who are visiting from Minnesota. The date is set for Saturday, June 5, at Congress Springs.

All past and present residents of Minnesota are extended a special invitation to attend.

All members of the association are urged to write their "back home" papers telling them of this big Gopher conclave and asking that it be made known to their readers who may wish to arrange their Exposition trip accordingly.

Those present at the committee meeting were, President A. E. Tuttle, Secretary Miss Mary Lewis, D. J. Denhart and H. C. Smith.

Gopher Reunion

A party of former Minnesotans, mostly from Edgerton, enjoyed a delightful picnic at Alum Rock Park, Tuesday of last week. The party was as a farewell affair for Mr. and Mrs. F. A. Meacham who returned to their home at Edgerton, Minn., later in the week.

Those present were, Mr. and Mrs. Meacham, Mr. J. M. Butts, Messrs. and Mesdames O. S. Butts, of Cupertino, Bert Butts of Meridian Avenue, D. J. Denhart, R. E. Gunsolus and W. B. Denhart of San Jose, Dr. and Mrs. Mumma, and Misses Emma Wood and Mary Lewis of Campbell and Dr. T. B. Francis of Palo Alto.

Congregational Church

"The Friendly Church just around the Corner."

The Pastor will be in his pulpit next Sunday morning and evening. The morning theme will be: "God's Sacrament of the Spring." Talk to the boys and girls on "The Man with a big iron Bedstead."

Evening service at 7:30, the theme will be "The Last Crown," suggested by Vela's famous statue of Napoleon.

Sunday-School and C. E. at the usual times, and a cordial invitation is extended to you to worship with us if you worship nowhere else.

GEORGE E. ATKINSON, Pastor. Leave orders for engraved cards or stationery at the PRESS OFFICE.

ARE WOMEN SLOWER THAN MEN

in taking up with new ideas? An advertising expert says they are. What do you think?

Speaking of new things; Loin Bacon, sometimes called Bacon Backs, will be new to many consumers, but bids fair to be very popular. The price, 23c a lb., ought to be attractive.

Canned Dill Pickles are not so very new to the market, but comparatively few cooks know the value of this fine relish. Slice the pickles thin over lettuce and serve with mayonnaise; or chop them fine and mix with pimientos and mayonnaise. The latter mixture may be used as a filling for sandwiches, with or without meat or eggs. You can easily find a dozen ways of using Dill Pickles.

Gebhardt's Deviled Chili Meat isn't cheap—it couldn't be made cheaply and be so good. Comes in small tins, sells for 15c, and is worth the price, every cent of it. When you want extra nice sandwiches try this new product. You'll not be disappointed.

Should Love One's Work.

The craft which thou hast learned, love; therein find thy refreshment; and pass through the rest of thy life as having entrusted to the gods all thine own affairs with thy whole soul, and making thyself neither a tyrant nor a slave to any man.—Marcus Aurelius.

He Had To.

"See America first," didactically quoted the professor. "I have already done so," replied J. Fuller Gloom. "I was born here."—Judge.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 84 Progress Avenue, Providence, R. I.

From Mrs. Maria Irwin, Peru, N. Y.

PERU, N. Y.—"Before I took Lydia E. Pinkham's Vegetable Compound I was very irregular and had much pain. I had lost three children, and felt worn out all the time. This splendid medicine helped me as nothing else had done, and I am thankful every day that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N. Y.

From Mrs. Jane D. Duncan, W. Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. DUNCAN, Forest Avenue, West Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

SPOHN MEDICAL CO. Chemists and Bacteriologists Goshen, Ind., U. S. A.

ONE CENT LETTER POSTAGE BEING AGITATED

One cent postage rate on letters is again being brought into prominence and many high officials declare that it is sure to come in the near future. All classes of business would be greatly benefited by its adoption, and estimated statistics show there would be such an increased demand for stamps that the apparent loss of revenue would be more than made up.

It is an impossibility to place an estimated value on health, it being a most priceless possession—but, perhaps you have been careless or negligent and have allowed weakness to develop until you are now in a badly run-down condition, with poor appetite, impaired digestion and constipated bowels.

In order to get back to health and strength you must first help Nature restore the Stomach, Liver and Bowels to a normal condition. This suggests the friendly aid of Hostetter's Stomach Bitters. You will find it an excellent tonic, appetizer and strength maker and well worthy of your confidence.

It is an absolutely pure medicine, adapted to all ordinary family ailments, and your health will be greatly improved by giving it a fair trial at once. Be sure you get the genuine Hostetter's Stomach Bitters with our Private Stamp over the neck of Bottle.

Think for Yourself.

The book to read is not the one which thinks for you, but the one that makes you think. No book in the world equals the Bible for that.—Doctor McCosh.

OLD JOKE IS SPOILED

Pound of Feathers Weighs More Than Pound of Lead.

Has Been Established as a Scientific Fact—Matter of Volume Is the Point That Must Be Considered.

The old joke, "Which is heavier, a pound of lead or a pound of feathers?" is not quite such a joke as it seems at first glance. Archimedes taught us the truth that a body immersed in a liquid or gas receives an upward push equal to the weight of the liquid or the gas it displaces. Suppose we arrange a balance so that one of its arms can be introduced under the bell of an air pump, and place upon each of its arms a weight, say one pound, both weights made of the same size. They will exactly balance each other. If we exhaust the air from under the bell, producing a vacuum, we remove the upward push, and the arm of the balance that is in the vacuum descends. If on the contrary we compress the air under the bell we make the displaced air weigh more and consequently the upward push is increased and this arm of the balance ascends.

It is manifest that the greater amount of air displaced the greater will be the upward push. Suppose now we balance a pound of lead on one arm and a pound of feathers on the other. They will, of course, exactly equal each other in ordinary air, for they were both weighed in ordinary air. Now let us put the whole apparatus, including both weights, under an air pump. The pound of feathers displaces far more air than the pound of

This Is What Would Happen If a Pound of Lead and a Pound of Feathers Were Weighed in a Vacuum.

lead, and if we exhaust the air we shall find that, the upward push being removed by the exhaustion of the air, the pound of feathers descends and the pound of lead ascends, proving that the seeming paradox that a pound of feathers weighs more than a pound of lead, is no joke but a scientific fact.

Therefore it may scientifically be said that of two substances having the same weight and not the same volume, that having the larger volume is really the heavier.

Shoots Deer With Opium.

John Benham, a well-known Wisconsin guide, who had been commissioned to capture a huge deer alive for a private game preserve near Hurley, Wis., has captured the biggest deer ever taken alive in that state—a six-prong, 300-pound buck—by the simple expedient of using opium pellets instead of the usual lead bullets in hunting. Benham had a druggist make him the shot he wanted—a mixture of gum arabic, flour paste and opium. Then he went to watch for the deer, which all of the guides had, because of its size, refused to allow hunters to kill. When he saw the big fellow he cut loose with his gun, and he caught up with the deer two hours later, when it had fallen asleep in some balsams. When the deer woke up it had been boxed.—Brooklyn (Wis.) Dispatch to Detroit Free Press.

Mink Gets Big Trout.

While crossing the bridge over the creek near H. P. Johnson's sawmill at Bethany, Wayne county, New York, George Bennett saw a mink dive through the ice and catch a large trout. Bennett called to Monroe Tyler, at the mill, and the two men pelted the mink with stones in an attempt to capture him.

Bennett's dog assisted by chasing the mink to his hole, from which the two men dug him with pickaxes. When the mink was finally killed he still retained the trout, which measured 14 inches in length, in his mouth.

Ferocious Duck Nips Tramp.

"Beware of the Duck" is the sign Edgar Wilhelm of New Freedom is preparing to tack to the yard gate. The fowl, a particularly large one, has delegated to itself the duties of a watchdog. Its loud quacking gives warning of the approach of a stranger, day or night, and it savagely attacks intruders, as a tramp who came recently to the house to beg, has reason to know. He was pinched in the seat of his trousers so painfully that he beat a hasty retreat, the duck flying after him to the gate.—York (Pa.) Dispatch to Philadelphia Record.

Literary Note.

The first sentence of Henry James' novel has been published in book form. It has been running as a serial and has attracted much attention. Several of the film manufacturers have been approached with a view to turning it into a photoplay, but have declined on the ground of expense, declaring that it would take from fifteen to twenty episodes to film it in its entirety.—Philadelphia Ledger.

London's Treasures Guarded.

Extensive precautions have been taken in London to guard art treasures against the menace of air raids. The custodians of art galleries and museums long ago removed to vaults or similar places the most precious of their portable exhibits. At the British museum a number of priceless manuscripts, books, and other objects have been stored away in safes. Some measure of risk must, however, be borne in a building which contains 40 miles of bookshelves and massive pieces of sculpture. Visitors to the National gallery find the major part of the building closed. At the Guildhall the most valuable pictures have been placed in the basement. The magnificent Gainsborough, "Fording the River," has been removed from the walls. In the corporation strong room in the basement is stored what is probably the finest collection of municipal records in the world. It includes the charter of William the Conqueror "to William, Bishop and Gosfegdh, Portreeve, and all the burghesses within London," securing to them their ancient liberties. Every reign since the Conqueror is represented in the charters.

WONDERFUL HOW RESINOL STOPS ITCHING AT ONCE

To those who have endured for years the itching torments of eczema or other skin eruptions, the relief that the first use of Resinol ointment and Resinol soap gives is perfectly incredible. After all the suffering they have endured and all the useless treatments they spent good money for, they cannot believe anything so simple, mild and inexpensive can stop the itching and burning INSTANTLY! And they find it still more wonderful that the improvement is permanent and that Resinol really drives away the eruption completely in a very short time. Perhaps there is a pleasant surprise like this in store for you. Resinol ointment and Resinol soap are sold by all druggists.—Adv.

Profession of Farming.

Farming is a business which requires the highest business talent, it is a profession which requires the best technical skill. There is no other profession that requires such a variety of learning, such an insight into nature, such skill of a technical order to be successful, as the profession of farming.—From Dr. Harvey W. Wiley's "The Lure of the Land."

Have Healthy, Strong, Beautiful Eyes. Oculists and Physicians used Murine Eye Remedy many years before it was offered as a Domestic Eye Medicine. Murine is Still Compounded by Our Physicians and guaranteed by them as a Reliable Relief for Eyes that Need Care. Try it in Your Eyes and in Baby's Eyes—No Smarting—Just Eye Comfort. Buy Murine of your Druggist—accept no Substitute, and if interested write for Book of the Eye Free. MURINE EYE REMEDY CO., CHICAGO.

Love That Endures.

Men and women may not forget in marriage the law of human nature that that which is not expressed dies. And any love that is to endure and to grow must express itself in multiplied little ways. It is a serious matter that the repeated word of love and praise, the caress, the kiss, and the thoughtful attention should begin to fail.—Delineator.

DON'T GET RUN DOWN.

Weak and miserable. If you have Kidney or Bladder trouble, Headache, Backache, Dizziness, Nervousness, and feel tired all over, get a package of MOTHER GRAY'S AROMATIC LEAF. It never fails. Sold by all druggists or sent by mail for 50c. Sample sent FREE. Address, The Mother Gray Co., LeRoy, N. Y.—Adv.

A Woman's Way.

So determined is a woman to "look up" to the man she loves that if she married a worm she would dig a hole in the ground and crawl into it in order to be able to put her head on his shoulder and say: "Darling, how big and strong and tall you are."

Constipation causes many serious diseases. It is thoroughly cured by Doctor Pierce's Pleasant Pellets. One a laxative, three for cathartic.—Adv.

Securing Happiness.

There is no such thing as finding true happiness by searching for it directly. It must come, if it come at all, indirectly, or by the service, the love, and the happiness we give to others.—R. W. Trine.

Popular Individual.

"When a man brags about likin' work," said Uncle Eben, "he finds dat everybody is willin' to help him have a good time."

ADDRESSED TO WOMEN

In the Expectant Period

Before the coming of the little one—women need to be possessed of all their natural strength. Instead of being harassed by forebodings and weakened by nausea, sleeplessness, or nervousness—if you will bring to your aid

Dr. Pierce's Favorite Prescription

you will find that most of the suffering will not make its appearance.

Dr. Pierce's Favorite Prescription is the result of a life study of ailments, disorders and irregularities peculiar to women. Its continued supremacy in its particular field for more than forty years is your assurance of the benefit to be derived from its use.

Neither narcotics nor alcohol will be found in this vegetable prescription, in liquid or tablet form. Sold by druggists or a trial box will be sent you by mail on receipt of 50 one-cent stamps.

The Bee in Literature.

The bee has had a place in literature ever since there was a literature. Bees are frequently mentioned in our Scriptures. Classic poets rhymed the honey of Hybla, in Sicily, that being of incomparable quality, and it is a fact that the queens of the Hybla bees have been extensively imported to this country to improve the American stock.

The Aurora.

The Northern Lights, or Aurora Borealis, are caused by the flow of positive electricity, off from the earth, through the icy mists or clouds that float above the poles, toward the planetary spaces. There is a close causal connection between the aurora and the "sun spots."

Gets Right Twist On Rheumatism

Makes Short Work of Cleaning Out Your Entire System—Aches and Pains Go Fast.

In S. S. S. You Get a Twist on Rheumatism that Settles It.

Many a rheumatic sufferer has been to the drug store for a bottle of S. S. S. and been handed something claimed to be "Just as good." Truly, to ask for bread and be given a stone is still in practice. If you are troubled with rheumatism in any form be sure to use S. S. S. and note its wonderful influence.

S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every painful, every poisonous element.

And best of all this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

Get a bottle of S. S. S. today, and ask for S. S. S.

You may depend upon it that the store that sells you what you ask for is a good place to trade. Write to the Swift Specific Co., 204 Swift Bldg., Atlanta, Ga., for their Book on Rheumatism.

W. L. DOUGLAS

MEN'S \$2.50 \$3 \$3.50 \$4.00 \$4.50 \$5 \$5.50 SHOES
WOMEN'S \$2.00 \$2.50 \$3.00 \$3.50 \$4.00 SHOES
BOYS' \$1.75 \$2 \$2.50 \$3.00 MISSES' \$2.00 & \$2.50

YOU CAN SAVE MONEY BY WEARING W. L. DOUGLAS SHOES

W. L. Douglas shoes are made of the best domestic and imported leathers, on the latest models, carefully constructed by the most expert last and pattern makers in this country. No other make of equal prices can compete with W. L. Douglas shoes in style, workmanship and quality. As comfortable, easy walking shoes they are unsurpassed.

The \$3.00, \$3.50 and \$4.00 shoes will give as good service as other makes costing \$4.00 to \$5.00. The \$4.50, \$5.00 and \$5.50 shoes compare favorably with other makes costing \$6.00 to \$8.00. There are many men and women wear W. L. Douglas shoes and they will tell Douglas shoes cannot be excelled for

CAUTION! When buying W. L. Douglas shoes look for his NAME AND PRICE stamped on the bottom. Shoes thus stamped are always worth the price paid for them. For 22 years W. L. Douglas has guaranteed their value and protected the wearer against high prices for inferior shoes by having his NAME AND PRICE stamped on the bottom before they leave the factory. Do not be persuaded to take some other make claimed to be just as good. You are paying your money and are entitled to the best. If your dealer cannot supply you, write for Illustrated Catalogue showing how to order by mail. W. L. Douglas, 210 Spark St., Brockton, Mass.

If you could visit the W. L. Douglas factory at Brockton, Mass., and see how carefully the shoes are made, and the high grade leathers used, you would then understand why they look and fit better, hold their shape and wear longer than other makes for the price.

Advertisers for a Candidate

In the late Chicago municipal election the Woman's Democratic Club of the second Ward advertised for an aldermanic candidate. It was announced in the advertisement that to receive the endorsement of the club the successful applicant would have to be—

- A clean, respectable citizen.
 - A possessor of horse sense, not necessarily a college graduate.
 - A friend of woman suffrage.
 - A voter for bathing beaches and play grounds.
 - A leader, not a follower.
 - A man of constructive ability.
- Six replies were received. The applicants were a machinist, a broker, a clergyman, a manufacturer, a physician and a saloon-keeper.

The saloon keeper won. He is Al Russell, and he met every requirement. The unsuccessful candidates who answered the advertisement were Earnest Gissler, E. L. Dempsey, F. M. Schlacks, Rev. Edward M. Carey, and Dr. John Kershner.

Editor's Note: That is the idea of a clean respectable citizen according to one of those famous wards of that clean city, Chicago.

MARKETING WORLD'S GREATEST PROBLEM

WE ARE LONG ON PRODUCTION,
SHORT ON DISTRIBUTION.

By Peter Radford
Lecturer National Farmers' Union.

The economic distribution of farm products is today the world's greatest problem and the war, while it has brought its hardships, has clearly emphasized the importance of distribution as a factor in American agriculture and promises to give the farmers the co-operation of the government and the business men the solution of their marketing problem.

This result will, in a measure, compensate us for our war losses, for the business interests and government have been in the main assisting almost exclusively on the production side of agriculture. While the department of agriculture has been dumping tons of literature on the farmer telling him how to produce, the farmer has been dumping tons of products in the nation's garbage can for want of a market.

The World Will Never Starve.

At no time since Adam and Eve were driven from the Garden of Eden have the inhabitants of this world suffered from lack of production, but some people have gone hungry from the day of creation to this good hour for the lack of proper distribution. Slight variations in production have forced a change in diet and one locality has felt the pinch of want, while another surfeited, but the world as a whole has ever been a land of plenty.

We now have less than one-tenth of the tillable land of the earth's surface under cultivation, and we not only have this surplus area to draw on but it is safe to estimate that in case of dire necessity one-half the earth's population could at the present time knock their living out of the trees of the forest, gather it from wild vines and draw it from streams. No one should become alarmed; the world will never starve.

The consumer has always feared that the producer would not supply him and his fright has found expression on the statute books of our states and nations and the farmer has been urged to produce recklessly and without reference to a market, and regardless of the demands of the consumer.

Back to the Soil.

The city people have been urging each other to move back to the farm, but very few of them have moved. We welcome our city cousins back to the soil and this earth's surface contains 16,092,160,000 idle acres of tillable land where they can make a living by tilling the earth with a forked stick, but we do not need them so far as increasing production is concerned; we now have all the producers we can use. The city man has very erroneous ideas of agricultural conditions. The commonly accepted theory that we are short on production is all wrong. Our annual increase in production far exceeds that of our increase in population.

The World as a Farm.

Taking the world as one big farm, we find two billion acres of land in cultivation. Of this amount there is approximately 750,000,000 acres on the western and 1,260,000,000 acres on the eastern hemisphere, in cultivation. This estimate, of course, does not include grazing lands, forests, etc., where large quantities of meat are produced.

The world's annual crop approximates fifteen billion bushels of cereals, thirteen billion pounds of fibre and sixty-five million tons of meat.

The average annual world crop for the past five years, compared with the previous five years, is as follows:

	Past Half Decade.	Previous Half Decade.
Corn (Bu.)	3,934,174,000	3,403,655,000
Wheat (Bu.)	3,522,769,000	3,257,526,000
Oats (Bu.)	4,120,017,000	3,508,315,000
Cotton (Bales)	19,863,800	17,541,200

The world shows an average increase in cereal production of 13 per cent during the past decade, compared with the previous five years, while the world's population shows an increase of only three per cent.

The gain in production far exceeds that of our increase in population, and it is safe to estimate that the farmer can easily increase production 25 per cent if a remunerative market can be found for the products. In textile fibres the world shows an increase during the past half decade in production of 15 per cent against a population increase of three per cent.

The people of this nation should address themselves to the subject of improved facilities for distribution.

Over-production and crop mortgage force the farmers into ruinous competition with each other. The remedy lies in organization and in co-operation in marketing.

Told You So.

"It's the unexpected that always happens."
"Oh, I don't know! Somebody always claims to have predicted it!"—Louisville Courier-Journal.

Quick Turn.

"Jiggs is quite a magician."
"So?"
"Yep, I just saw him turn his motor into a lamp-post."—Buffalo Express.

Let the guiled fool—the toll of war pursue, where bleed the many to enrich the few.—Shenstone.

Local and Personal

Dress making and plain sewing at home on Rincon Avenue.
MRS. C. E. WHITNEY.

Nicholas and Robert Dunphy are expected home for an over Sunday visit with their family.

The ladies of the Guild spent yesterday in San Jose tying comforters at the Home of Benevolence.

Mrs. Geo. Plummer of San Francisco is visiting her parents, Mr. and Mrs. P. Arnot on Sunnyside.

The monthly "birthday social" will be held at the Congregational church parlors this Friday evening.

Entertainment, Friday, May 14, given by M. E. Ladies' Aid. Watch this paper, for place, price, and program.

Mrs. George Marshman has been suffering from a very severe attack of asthma, but is improving slowly.

Mr. and Mrs. Geo. Johnson are down from San Francisco this week visiting Mr. and Mrs. Thom and old friends.

Mrs. A. Trevor passed away Wednesday night after a prolonged illness. Arrangements for the funeral services and interment have not been announced.

E. R. Kennedy has purchased a six cylinder, five passenger 1915 model, Studebaker, and is "puffed up" accordingly.

George Austin of Junco, a brother of Mrs. C. P. Herrington, is here in the interests of a patent he is getting out on a rim for motor cars.

Mr. and Mrs. Stanley Smith drove over to Fresno Friday in Mrs. Smith's sister's new auto. They returned Wednesday after making about 500 miles.

Floyd Gattrell, chief assistant at the E. W. Preston garage, is the proud possessor of a new 3-speed 2-cylinder 11-horse power Harley-Davidson motorcycle. Those hyphens will hold you for awhile, we're guessing.

Mrs. Minnie Carson returned from Fresno, Friday, where she has spent the winter. Mrs. Carson's mother, who has been ill for several months, passed away recently. Her son is recovering from an attack of measles and Mrs. Carson thot this climate better for him.

Mrs. C. T. Fawcett and Mrs. H. C. Smith entertained a small company of ladies Saturday afternoon. "Mile-a-minute" was quite a joke until one lady began giving lessons in "Two-miles-a-minute." Light refreshments were served to an accompaniment of much serious discussion of weighty problems (?)

The S. G. Rodeck home was the scene of quite a gathering of friends Tuesday. Misses Una Shepard of San Diego and Edna Kynoch of Petaluma, nieces of Mr. Rodeck arrived for a visit. Miss Cora Lovie of Redwood City and sister, Mrs. Scholfield of San Jose, Mrs. L. J. Church and daughter, Eudora, of Saratoga were guests for the day.

Methodist Church Notes

The Aid society had a fine meeting with a large attendance at the Home of Mrs. Williams last Thursday. They have a plan for a strawberry festival and entertainment May 14.

The Men's Bible Class was revived last Sunday with Mr. Lloyd in charge temporarily.

Mr. Graves was elected Sunday-School Superintendent at the board meeting Wednesday evening. May 8th was set as the date for the Sunday-school picnic, and Congress Springs as the place.

A Methodist Men's Muster will be held in the Sunday-School room the evening of May 4th.

The next Epworth League Rally will be held at Morgan Hill, May 18th. At the meeting of the county cabinets, our officers learned that we are the only league of those represented that counts attendance before the close of the meeting in the contest for the banner. This makes it important to us to have our people attend early. Mrs. Bessie Kennedy has been appointed chairman of the county committee on plans for the Santa Clara county leagues for Epworth League Day at the exposition in June.

Dr. Wythe speaks Sunday morning and the pastor will preach in the evening.

It was suggested at the Wednesday evening meeting that the church get together strongly and make the month of May the best month of the year in all the departments of the church. As we approach the end of the school year and the busy summer season, there will come an inevitable slackening of church activities; so let the congregation in rally support of all the plans for the month of May.

The Periscope.

The periscope, by which a submerged submarine is steered, is a kind of tube with mirrors in it whereby what is happening on the surface is reflected below.

An Explained Dislike.

The first lord of the admiralty sighed. "I do not like submarines," he muttered, and then he added, "for divers reasons."—Philadelphia Ledger.

Agricultural News

The west side of the San Joaquin Valley will produce a crop of wheat double the size of any heretofore harvested. Owing to the war, the price is about twice that of last year, being \$2.20 a cental (100 pounds).

One farmer near Mendota, in the San Joaquin Valley, is planting such a large acreage of Tepary beans that it requires ten mules for its cultivation. He is so enthusiastic over the outlook that he is figuring on putting into beans another tract of 320 acres in Kern County.

Saturday, March 20th, was Orange Day in Santa Cruz and about sixty exhibitors displayed limes, lemons, oranges and pomelos in great variety. Many Eastern visitors were present.

It has been estimated that seven million people every night see film plays "Made in Los Angeles." The companies operating there are said to spend \$15,000,000 a year in wages and operating expenses in that city alone.

It is announced that a large motion picture company has been organized at San Jose, to occupy thirty acres with a modern line establishment which is expected to have a payroll of \$2,400 a week.

At Sylmar, near Los Angeles, there are 1,200 acres of olives under one management. A Los Angeles orchardist is at work on a 2,000-acre olive tract near Porterville. Can you beat it?

Palo Alto strawberries brought 75 and 90 cents per drawer in San Francisco yesterday, while Watsonville varieties sold at 50 and 75 cents. The shippers of the berries are A. B. Partee, M. L. Pitman and W. H. Hanscom. These growers have submitted several chests of the berries, and state that many more will be sent to the market because of an unusually good season.—Times.

The Gilroy Advocate announces that the Farmers Unions of Gilroy and Rucker will build a joint packing house this summer to handle the immense crop of prunes and dried fruit belonging to members of the union. An acre of ground will probably be bought at Gilroy as a site for the packing house.

The Morgan Hill Times states that 21 carloads of Mexican cattle containing over 900 head were unloaded at Madrone the other day, and will be pastured there until sold. Other papers in the valley also note the arrival of Mexican cattle to this section.

That Cheddar-process cheese, if put up in air-tight cans, has certain advantages over cheese handled in the ordinary way, is the conclusion reached by the Dairy Division after a series of tests which were continued a number of years.

School Terms To Be Completed

SACRAMENTO, April 21.—California's school term is not to be shortened and the salaries of the 12,000 elementary school teachers are not to be reduced.

Working in conjunction with the Board of Control, Governor Johnson has agreed to increase the State apportionment per student on average daily attendance from \$13 to \$15 per pupil. This is 87 cents short of the amount necessary to meet the deficit, following abolition of the poll tax. As there are more than 400,000 elementary school children, this increase in apportionment will raise more than \$800,000.

The \$2 will be taken from the State general fund, and the 87 cents may be made up in some other manner.

It is possible that the State text-book appropriation will be trimmed \$100,000.

In 1914 the State gave the elementary schools of the State \$5,358,579.04. This amount will be duplicated this year.

Annual Athletic League Meet

The annual I. A. U. field meet will be held at Campbell Saturday, May 1st. Last year an experiment meeting was held here and it proved such a success that it was decided to make an annual affair of the event.

The tennis doubles will begin at 8:30 in the morning and continue until played off. The courts, the best of any High School in the county, are being put in A-1 condition for the contests.

The crack Campbell basketball team will meet an All Star team, composed of one star player of each High School team of the league, on the court at 10 o'clock.

At 1 o'clock the tennis single tournament will begin to decide the championship of the league. The various players of the faculties will play off single contests during intermissions.

Montezuma, the new member of the league, will cross bats with the Mountain View boys at 2:30. The various players and fans will come to make a day of it, holding a noon hour picnic on the grounds, and plans are being made to give them a royal good time.

Christian Science Services

in Odd Fellows' Hall every Sunday morning, at 11 o'clock. Subject for April 25th, is "Probation after Death." Sunday-School at 12:15. The public is cordially invited.

Exposition News

San Diego, California, April.—The San Diego Exposition has advanced well into the fourth month with an extraordinary record of steady increases in attendance. For the first time in exposition history the San Diego fair went on a paying basis in February, nearly doubled net profits in March, and now promises a much heavier April profit.

The San Diego Exposition announces the engagement of Giuseppe Creatore and his famous concert band for two weeks beginning April 24, adding importantly to the already striking list of musical attractions at San Diego.

The Italian leader leaped into immediate popularity several years ago in the east, and since that time has added to his reputation at almost every first class city of the country, with engagements lasting through the summer months in the amusement parks of Chicago, New York and Boston. His recent tour of the south has created for him a name throughout Dixie eclipsing that of any other leader.

Two concerts will be given daily, one from the rostrum of the great music pavilion which contains the largest outdoor organ ever built, recitals on which have been a daily feature since the opening of the Exposition and will so continue through the year. Here, too, are held the choral festivals which take place monthly at the Exposition grounds. This position of honor is accorded to a band for the first time, as the other musical organizations, including the Cavalry, Artillery and Marine bands as well as the Mexican military band, the Exposition's Spanish-garbed musicians, have been playing at other points of various plazas. The evening concert probably will be given at the head of the "Isthmus", the amusement street.

Current business shows a dominance of travel from the eastern seaboard. Information from railways, steamship lines and tourist agencies points to the influx of heavy business late in May. June starts a heavy flood from the middle west, and from then through the vacation season will come probably the biggest tourist business of the year.

It is in that season, too, that there comes the normal summer business of San Diego, to whose cool coast climate each summer travel thousands of people from the hot interior. The summer's special events are started with the engagement of Creatore's band beginning April 24.

One of the new and typically Californian concessions just opened on the Isthmus of the San Diego Exposition is the Forty-Nine Camp, which threw open its log gates with an enthusiastic bang a few days ago and was jammed until early morning with curious easterners participating in the dancing, the gaming and other activities of the frontier display of early western life. The camp has its own "currency" which is good at many other concessions on the street and has leaped into immediate popularity with the tourists.

Bitter Orange Jelly

Specialists of the department in the course of experiments have observed that the hitherto useless fruit of the sour or bitter orange can be made to yield a highly palatable jelly which promises to afford a use for a large amount of this wasted fruit. This fruit is too bitter to be eaten raw. The chemists, however, found that the pulp or interior of this orange, with the unusually bitter skin removed and with the addition of twice as much sugar, would jelly into an amber-colored product not quite so bitter as bitter orange marmalade but having some of the characteristic flavor of that conserve.

Fire Averages.

Following is an extract from an article in Farm and Fireside on preventing and fighting fires:

Fires in our homes are so frequent that the insurance companies tell us that we have about one chance in sixty of being burnt out some time in the course of a lifetime. But in the same breath they tell us that more than half the fires could be prevented if people understood the commonest causes of them and knew just what to do when a fire starts. Smokers are responsible for thousands of fires, and rats and mice cause many others by nibbling at sulphur tipped matches. Fires which start in closets are often caused by matches being left in clothes or by oily cloths which have been stored away. Many of the floor polishing mixtures contain highly explosive oils, and spontaneous combustion may start from a nest of these cleaning cloths if placed in a closet near the chimney.

Pigs' Feet in the Pit.

Salaries at the early New York theaters were extremely small. But if the salaries were small so were the prices of admission. One shilling, 12½ cents, let you into the gallery or the pit, and if you didn't have the shilling the mercenary management forced you to pay 13 cents. So the boys got the habit of changing their money at a fishwoman's on the corner, who for 15 cents obligingly gave them a shilling and a pig's foot. They handed in the shilling at the door and during the course of the evening presented the well picked bone to the management by way of some unfortunate in the pit or on the stage.

LEGAL

In the Superior Court of the State of California, in and for the County of Santa Clara

In the Matter of the Application of)
Campbell Fruit Growers Union,)
a Corporation, for a change of its) ORDER
Name.

The application of Campbell Fruit Growers Union, a corporation, for a decree of this Court changing the name of the said corporation from "Campbell Fruit Growers Union" to "HYDE INVESTMENT COMPANY," signed by a majority of the Board of Directors of said corporation, having been filed in this Court, and the Court being satisfied that said application is in conformity with the provisions of Title IX, Part III, of the Code of Civil Procedure of the State of California, IT IS HEREBY ORDERED that all persons interested in said matter appear before the said Court on Friday, the 7th day of May, 1915, in the Courtroom of the Department of said Court to which said matter may be assigned, in the Court House in the City of San Jose in the said County of Santa Clara, at 10 o'clock A.M., then and there to show cause, if any they have, why the said application for change of name should not be granted, and it is further ordered that a copy of this order be published in THE CAMPBELL INTER-URBAN PRESS, a newspaper of general circulation in said County of Santa Clara, for four successive weeks.

Dated this 2nd day of April, 1915.
L. D. Bohnett, J. R. Welch,
Attorney for Petitioner, Judge.

Notice to Creditors.

Estate of Elizabeth Jane Pannell, Deceased.
Notice is hereby given by the undersigned administrator of the estate of Elizabeth Jane Pannell deceased, to the creditors of and all persons having claims against the said deceased, to exhibit the same, with the necessary vouchers, within thirty days after the first publication of this Notice in the said newspaper at the office of W. C. Bohnett, Room 313 Bank of San Jose Building, City of San Jose, County of Santa Clara, State of California, where all business connected with said estate will be transacted.

San Jose, this 2nd day of April, A.D. 1915.
Emily Pannell Gard,
Administratrix of the Estate
Elizabeth Jane Pannell, Deceased.

W. C. Bohnett
Attorney for said Administratrix.

Deafness Cannot Be Cured

by local applications, as they reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.
